TATURA 200

CHARITY BIKE RIDE AND WALK

The Tatura 200 Charity Bike Ride & Walk, affectionately known as the Tat 200, was an initiative of the Tatura Milk Industries Board aimed at extending its community support beyond its traditional stakeholders.

Participants come together to ride or walk a variety of distances, the most illustrious of which is the 200km ride. The event caters to all levels of fitness, so we encourage participants to challenge themselves or enjoy a fun day out!

All sponsorship money raised through the event is donated to local charities and groups within the Goulburn Valley.
